

Provision at St Luke's C.E Primary School

Wave 1 Provision (Quality First Teaching) is the provision that is universal for all students. It takes into account the learning needs of all the children in the classroom. This includes providing differentiated work and creating an inclusive learning environment. The majority of students needs will be met through this provision which includes high quality teaching and learning for all pupils.

Our Wave One Offer:

At St Luke's C.E Primary School we strive for all children to make good progress and have access to a broad and balanced curriculum. Our pupils are taught by fully qualified teachers and there are well trained teaching assistants to support pupils across the whole school. Our Wave 1 provision is constantly evolving and staff strive for exciting and stimulating ways to engage pupils in their learning. Some examples of the Quality First Teaching provided at St Luke's are outlined below.

Delivery of the curriculum

Pupils will have access to:

- An established learning environment
- a fully qualified and dedicated teaching staff
- high quality Teaching Assistants deployed across the school
- a new Senior Leadership Team committed to improving outcomes for all pupils
- 'School Pupil Tracker Online' assessment system to track individual attainment and progress
- exciting and creative topics that enable cross curricular learning
- carefully planned lessons, adapted to the needs of the year group
- a well-resourced library, computing suite, music room
- a range of good quality, age appropriate classroom resources
- Two banks of Chromebooks and a bank of iPads

Enrichment activities

Pupils will have access to:

- weekly hymn practice and daily worship
- opportunities to perform in class assemblies and productions
- a range of before, during and after school interest clubs
- celebration assemblies to reward successes
- school focussed days and weeks e.g. Book Week, Roman day
- extensive day trips and residential stays to compliment the curriculum
- visitors and coaches e.g. PE specialists
- extra musical opportunities e.g. learning an instrument
- supporting a range of charities
- a breakfast and afterschool club for working parents
- opportunity to represent the School Council

Wave 2 (Targeted) Provision is additional, time-limited provision, normally in the form of individual or small-group interventions to accelerate progress and enable students to work at age-related expectations. Wave 2 interventions are not primarily for students with Special Educational Needs or Disabilities (SEND) and students do not have to be on the SEND register in order to access these. These provisions will be put in place following careful analysis of progress data and/or teacher identification. Interventions are time bound and pupil progress is assessed regularly to ensure their needs are met and targets reviewed. Interventions could be for short, medium or long term periods and this is assessed on a child by child basis.

Our Wave Two Offer:

At St Luke's School we may feel that a child, or group of children, may benefit from Wave 2 intervention. Our SENDCo supports staff with identifying and planning for school based intervention. A range of the following could be taking place at any time over the academic year:

- small group English support (phonics, spelling, handwriting)
- small group maths support
- speech and language e.g. Narrative programme, School Start
- phonological awareness program - Sound Linkage
- immediate maths and English catch up in response to marking
- Social and emotional support e.g. ELSA
- Informal diagnostic screens e.g. CoPS, LASS

All of the above will be delivered by a teacher, Teaching Assistant or Learning Support Assistant who is experienced in delivering these interventions, supported by the school SENDCo.

Wave 3 (Personalised) Provision is specific, targeted intervention for students with SEND who are identified as requiring further additional support. This will be put in place when Quality First Teaching and Targeted Provision are not, on their own, enabling the student to make appropriate progress. Wave 3 describes targeted provision for a minority of children where it is necessary to provide highly tailored intervention to accelerate progress or enable children to achieve their potential.

Our Wave Three Offer:

At St Luke's C.E Primary School we strive for all pupils to make good progress regardless of their starting points. Where Wave 1 and 2 provision is not fully meeting a child's needs, further exploration may be sought from outside agencies. Advice from the Speech and Language Therapy (SALT), Educational Psychologists, Occupational Therapists and paediatricians may be needed to enable school to develop appropriate targets for pupils. Individual Learning Plans will be tailored to the pupils on a needs basis. Over time at Wave 3, it may be considered appropriate to gather evidence for an Education, Health and Care Plan if one is not already in place.

Please be aware that this outline of provision reflects our current intake of students. Wave 2 and 3 provision will vary and depend on the student intake, staffing and resources available year on year.
